

AriaFoods
Dates Supplier and Exporter

ABOUT US

The Dates industry in Iran is very prosperous since Iran, with a huge varieties of dates, is one of the big producers of dates and date-related products, and dates have always been the country's major export.

Aria International trade development co, with the brand name Ariafoods, with the support of several family-owned industrial units, was established in 2016 and with more than 30 years of experience deserves a reputation.

In order to achieve customer satisfaction and satisfy their demands and following market trends, AriaFoods designs and produces its products in 3 sections: food service, private label, and luxuries services.

FACTORY CAPABILITIES

The factories located in fertile provinces of southern Iran, under the management of Ariafoods, that are equipped with high technology machines and skilled workers are able to produce more than 15000 MTons annually. They collect fresh dates and start washing, sorting carefully, and packaging according to the customer's needs. Needless to say, we do our best to prepare sustainable quality, food security and safe trade to fulfill our customer's expectations.
